

Unity Concord International School

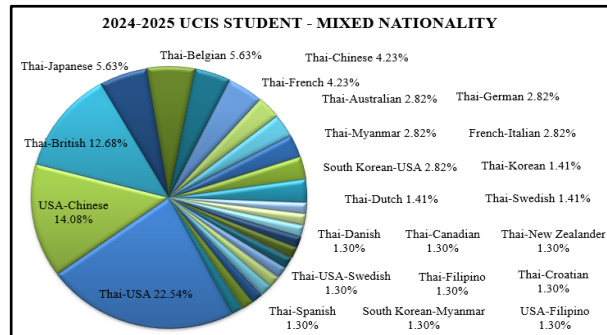

School Profile

Founded in 2016, Unity opened its doors on August 28, 2017, initially offering Pre-Kindergarten to Grade 5 with approximately 150 students. By the end of the first academic year, enrollment had grown to 220. In 2018, Unity expanded to a new campus, adding Grades 6-12, and by 2019, the student population had risen to 580. Our growth continued, and in June 2023, Unity achieved full WASC accreditation. Today, we are proud to serve over 1,100 students.

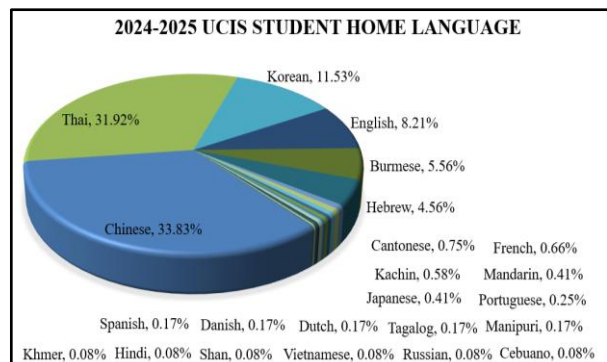

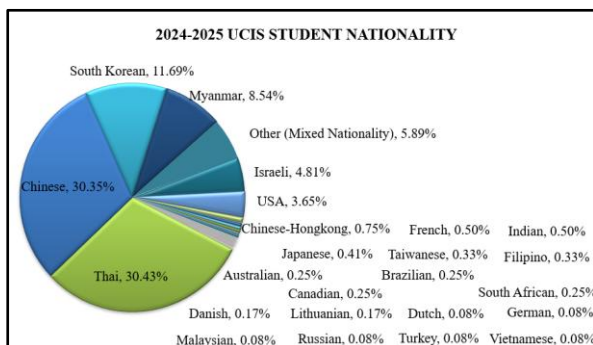

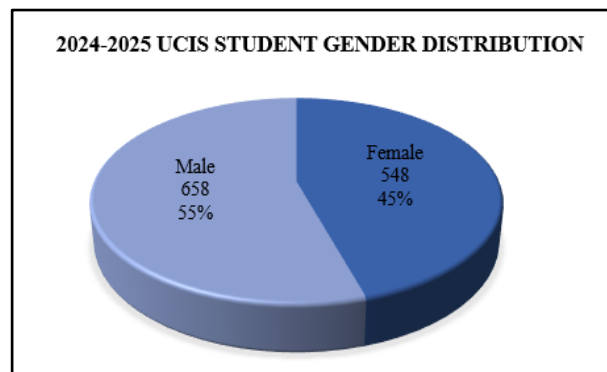

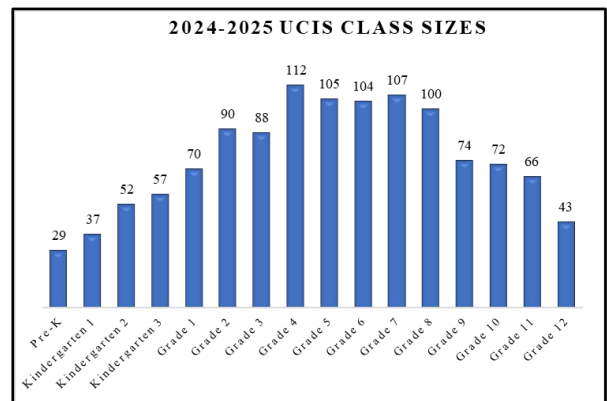

At Unity, we emphasize a STREAM (Science, Technology, Reading, Engineering, Arts, and Mathematics) approach to learning, fostering innovation, creativity, and critical thinking. Our academic programs integrate globally recognized resources, including HASSE (Higher Orbits Astronaut Science School Education), National Geographic Learning, STAR 360, MyON, Britannica, and MAP Growth assessments, ensuring a well-rounded and data-driven approach to education.

Beyond the classroom, students engage in a wide range of extracurricular activities, including Model United Nations (MUN), TED-Ed, the Duke of Edinburgh's Award, Odyssey of the Mind, and competitive sports through the Chiang Mai Athletics Conference.

Unity is more than a school—it's a dynamic learning community that nurtures curiosity, critical thinking, and a passion for discovery, preparing students to thrive in an ever-changing world.

Class sizes are capped at 20 students per classroom in grades PK-K3, 24 for grades 1-5, and 28 in grades 6-12 to maintain the desired student-to-teacher ratios.

Admissions Testing

The school conducts admissions screening to diagnostically assess each student's unique abilities and learning style, and creates appropriate programming and support plans, but this process is predominantly non-selective and we are proud of our inclusive ethos. Additional support is provided for students as needed and there is broad and intensive provision for students at an early stage of English language acquisition.
